It is our intention that the camp scholarship grants be provided to sons and daughters of officers killed in the line of duty on a first come, first serve basis and given throughout the summer as long as funding continues to be available.

We would suggest that when your child returns from camp that a thank you letter and perhaps a photo be sent to our office so that we can properly thank our donors and also share your child's experience with other families through our newsletter.

June, 1996

Dear Friends:

In our last newsletter we mentioned that we would like to be able to provide some funding toward summer camp tuition for your children.

A few months ago it appeared that the funds would not be available at all this year and it would be a program we would have to hold until next year. However, as we received so many inquiries from the survey we sent out a few months ago, we tried to stretch ourselves through our donor base, and found we could offer at least a little help for your children to go to camp this summer.

At this time we need to stipulate that the individual attending camp be a child of the deceased officer and not a niece, nephew, grandson, etc. We want to be able to provide what little assistance we have available directly to the officers immediate family right now.

We know that time is short since we are into the month of June, and we apologize for that. However, if you will take the time to fill out the application for the camp scholarship grant we will consider it immediately and get the check out as soon as possible.

Sincerely,

Donna M. Shepherd, B.S.,M.A.
Executive Director
